STUDIO NUCLEO TERRA! PIERGIORGIO ROBINO, ANDREA SANNA

Enjoy TERRA! in its paper pattern version! TERRA! is designed by Andrea Sanna + Piergiorgio Robino, and it appeared for the first time at the Milan Salone Satellite in 2000, and was selected for the XIX Compasso d'Oro as a 'Product for the Community' Award in 2001. Are you ready to make your own armchair made by cardboard frames, that grows in your garden and becomes part of your landscape and completely DIY? Here you are a folded pattern, 1:1 scale, with all TERRA! frames in one piece. The chart takes inspiration from the tailor's paper pattern and it is designed to let you make TERRA! by using 3 mm thickness cardboard frames.
